REPUBLIC SPECIAL.

Louisville, Ky., Nov. &-Had starting again marred the sport at Douglass Park this afternoon. Bruen's work with the flag was flerce. He presented the opening event to Robert, Jr. When he dropped his flag Robert was a couple of lengths in front and running with the others strung out.

He followed this up with giving Kegel a couple of lengths advantage in the second race, with the favorite, Trio, off next to last. The latter was so much the best, however, that he managed to wear down his field and win easily at the end, Favorites won two of the events, Trio

and I. J. T being the successful choices. Troxler Taking a Rest.

The weather was cold and raw and the attendance light. The crowd was made up strictly of the regulars, who would go to a horse race if it were freezing. Jockey Troxler leaves here next week for California. He is taking a rest for a couple of weeks and will not be seen in the saddle here for the balance of the meeting.

R. C. Chambers, who is interested in the present meeting, is negotiating for the track at Savannah, Ga. It is his intention to give a six weeks' meeting there following the one at Douglass Park. Robert, Jr., Made Good, Staggering.

The opening event, which contained the largest field of the afternoon, was made up of a cheap lot and Dynasty was installed a 6-to-5 favorite. Robert, Jr., was siways held at 3 to 1 and played at this price by a smart coterie. Thanks to Starter Bruen. Robert, Jr., just managed to stagger home a length in front of the favorite.

Trio, in the second, had no trouble to dispose of the field opposed to him. Lillian M. was easily best of the others and gut the

NEWS AND GOSSIP OF THE TURF. Trouble With the Starting at Louis-ville-Steadman Runs to Form.

Poor Edly Bruen. One of nature's noble-men, as bonest a man as ever was on the turf, it is his misfortune, not his fault, that he cannot start race horses. Though he is the official starter of the Western Turi Con-gress, the "suckers" are howling "bloody murdor" every time he drops the flag of Louisville. Making a first-class starter out of Mr. Bruen is the only business Captair Tilles ever raised in.

Have you been watching the recent races of that oft-rule?-off "hanimal," as Ed Fryer has it. Judge Steadman? Judge Steadman Judge Steadman has been "sent away from more tracks and got back on more tracks in a bigger hurry than any other horse in the world. First out at Latonia he beat horses like Teuer--oh, it was a shame--2 to I. world. First out at lating he beat horses like Teucer-(ch, it was a shame-2 to I. when he was 29 to I. Next out he ran a had last at I to I. That is his form. Don't go to saying it is a reversal, lie hever ran any other way. He was running right to it when he ran first one day and has the next. The papers said he bled. What do the papers know? Figuring Judge Steadman right and on his record he will be livet next time if he is 10 to 1 or better. Have a bet on him anyhow and if he bleeds, breaks down or simply runs a bad race tear up the ticket and say it was a good bet at that.

Carr, will shortly leave on a prolonged hunting trip to the Indian Territory, Mr. Carr will be accompanied by Eduardo Lincoln Book whose sporadic career as a plunger startled local rings last season, Mr. Carr is an old hunter, and, to hear him tell it, Mr. Boole was the great grandfather and instructor of Kir Carson, Daniel Beene and "Buffale Bill." Any one who likes to find a man aiways at his side to take the other end of any argument should ship along with Messrs. Carr and Boole. One is an idealist, the other a realist, but both have the same happy faculty of getting next to the strong box when it is open.

That spoiled Adonis of the quarter stretch, the curity and rosy W. W. Darden, with his own and the A. Johnson string will winter at Nashville. Mr. Darden's success was one of the features of the local racing scason. From a very average trainer he became one of very exceptional merit within the limits of one short season. He turned out Brulare, La Desirous, A. D. Gibson and others in very good condition. Mr. Darden, by the way, will have his mean coit, Wall, cut this winter. He thinks that he will do well as a gelding. Wall can pack the weight, get the route and show the speed, so why should be not win if given an injection of inclination or what is as good an ejection of the causes which have led to his disinclination.

Abe Cahn has gone to his breeding farm near Bridgeton, St. Louis County, for the winter season. Abraham has an engagement to break yearlings and eat chicken until March 15. That is a pretty fair kind of a job, but scarce as good as Gil Curry's. The other day some busy "duck" asked some one with less business and sense than himself what Mr. Curry did. "Oh, he fishes and makes love to ladles." was the answer. "What does he do in the winer" came back the query. "Well, there's no fishing in winter," was the reply.
Treasurer George McManus of the Fair Association will furnish a diagram of this joke to Jas, A. Marin and others who never see the point of a bayonet until it is two feet into them, as the Irishman said.

Favorites Go the Entire Distance on a False Break in Last Race.

New York, Nov. 5.—The last race at Aqueduct developed into a farce to-day. Six horses faced the starter, with Docter Riddle favorite at 3 to 5 and Astor second choice at 11 to 5. The field broke through the barrier before the starter called to come on, and Doctor Riddle, Harry McCoun and Hammock raced over the course, the other three pulling up. Doctor Riddle won easily from Harry McCoun. The stewards declared it no start, however, and the field lined up again. This time the other three starters had the race between them, Big Gun, at 20 to 1, whining from Whistling Coon at 10 to 1. Astor finished third. The other three were beaten a sixteenth of a mile.

was said to be anxious for a game and that details would be published in the letter to follow.

Such a game would unquestionably draw a good crowd, and from present indications the High School would come out on top. Work of the local boys in the game last Saturday was of a higher order than any they have displayed so far, and the team seems to be improving steadily. Fast and hard work in practice is no doubt responsible for this.

At Forest Park yesterday three squads were out, one engaged in passing and kicking the bull, while the first and second teams proper engaged in a practice game. Captain Ben Gray being in charge of one team and Coach Brockmeyer in charge of the other. Members of the team are working hard and should ceruality be in good shape for their game of Saturday if it can be arranged.

Students at the St. Louis College of Physicians and Surgeons have organized a football team under the managership of F. J. Hilger, and will endeavor to arrange games with the local elevens for the balance of the season. As compassed at present the line-up of the team is as follows: Ziegler, right end; Thompson, right tackle; Walker, right guard; Gelow, center, funk, left guard; Wilson left tackle; McDenaid, left end; Zoller guarter; Goldstons left half, Hamilton, which left tacker McDonaid, left end, 200ler, quarter; Goldstone left half; Hamin,
right half; Lillie (captain) full back.

No arrangements have been made for
practice grounds as yet, but C-ptain Frank
Lillie is considering the advisability of trying to lease the Battery A grounds on the
nights left vacant by Marlon-Sims, or of
practicing with that team, if possible,

Probably the most interesting of the Eastern games to be played Saturday will be that between Harvard and Pennsylvania, which is scheduled far Cambridge. Practice at Harvard for this game has been severe and the men are working hard to secure the victory. Kernan who sustained a slight sprain in last Saturday's game, was the only absentee yesterday from practice. He is now compelled to use crutches, but hopes to be in shape by Saturday. Biagden, the regular left tackle, has recovered from his injury sufficiently to play and will appear in Saturday's game. Practice with the scrub eleven prevailed yesterday according to telegraphic rep ris, the scrubs being given the ball and the regulars being sent against them hard to train them in breaking up the Pennsylvania guards' back formation plays. To morrow only signal work will be gone through with.

Princeton's team is said to be brulsed and Princeton's team is said to be brulsed and sore from its game with Cornell last Saturday and several players have been temporarily last off in a measurement Kicking the ball was the feature of practice, Cornell's success in blocking DeWitt's punts having led the conches to attempt to strengthen the defensive formation. De Witt pur up a sensational performance at the close of the game by kicking a goal from the Tayard line.

Pennsylvania players are not much pleased over the outlook for Saturday's game, promise for a victory for the crimson team being particularly bright. Fr m the last games of the elevens, while Harvard defeated Brown by a score of 45 to 9 and Pennsylvania was beaten by Columbia II to 0, the chances seem to be altogether in favor of Harvard.

Indications point to an active season for hockey the coming winter, and several teams have already been organized to appear locally. First of these on the field is a team organized by L. H. Lennon of No. 1220 Olive street, who heads a team composed of young husiness men and who is anxious to hear from other teams for the purpose of forming a league for the winter. The High School will probably have two teams this winter, while other schools will also be represented in this line. Prospects for a scholastic league in the sport are bright, and developments in the line are expected shortly.

New York, Now & Princeton's football practice game to-day was longer and a few points faster than usual. Much time was given to sharp signal practice, and DeWitt was drilled in drop kicking. He averaged three goals out four attempts.

A thirty-minute half followed and although the varsity secred only one touchdown against the "scrubs," its play was strong, and interference was much improved. During the last part of the half no attempt was made to score, attention being given to attempt being the defence and instructing the full backs on dry kicking.
